

Non-interchange Quick Couplers

- Eliminate In/Out connection mistakes.
- Control flow direction - every time.
- Faster Changeovers - No guesswork.

* Patents Pending

- End confusion and guarantee part quality and cycle times.
- Flow diameters and clearance requirements remain the same.

Coupler Body Only

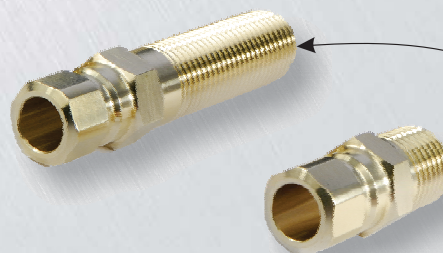

- Flow-thru type.
- Multiple thread sizes to suit any need.

200 Series (1/2" Hole)			00 Series (1/2" Hole)			500 Series (1/2" Hole)		
Catalog Number	Thread Size (NPT)	O.A.L	Catalog Number	Thread Size (NPT)	O.A.L	Catalog Number	Thread Size (NPT)	O.A.L
CMB-200-NB	1/8	1 9/16	CMB-300-NB	1/4	2	CMB-500-NB	1/2	2 1/8
CMB-200-1/4-NB	1/4	1 9/16	CMB-300-3/8-NB	3/8	2			

Connector Fittings

- Simply add Suffix "-NB" to any existing part number to indicate non-interchange.

All Extension Plugs and Brass Connector Plugs are available as non-interchange components
